The Mayor hath above 2000 *l.* *per Annum* incident to the Mayoralty, and duly paid him out of the *Chamber*, &c. besides the Share of the Sale of these Offices, which is about four Fifths.

The Sheriffs have about 1000 *l.* *per Annum* likewise, and about one Fifth in the Share of the Sale of these Offices.

And tho' some of these Places have of late been sold for above 2500 *l.* yet in the Memory of many Citizens now living, no Place or Office in the City was worth above 100 *l.* The Sellers of these Places, by conniving at the Buyers Exactions, have found their Account in the next Sale of the Office; so that the Purchase of these Offices are, many of them, above 20 times more than formerly.

So that here is a Possibility that a Lord-Mayor may get 20 or 30 Thousand Pounds in the Year of his Mayoralty.
